

Devereux Center for Resilient Children Assessments

Free Web-based Trial Available

www.e-deca2.org

Thank you for your interest in the web-based application to administer and score the Devereux Center for Resilient Children assessments. The web-based application includes access to resilience assessments for Infants, Toddlers, Preschoolers and School-age children through the 8th grade. A recorded video that provides an overview of the system is available on the website homepage. www.e-deca2.org

If your program is interested in a free 30 day trial, please email us at deca@devereux.org. Please include a contact name, Program Name, phone number and address. A team member will be back in touch to set your program up with a trial.
