

Access a Self-Guided Tour of the Conscious Discipline and e-DECA Assessment and Planning System

About This Partnership: Conscious Discipline and Devereux now offer a system to assess children’s social and emotional health and resilience, monitor progress in your classroom, and customize strategies to promote resilience in preschoolers.

The e-DECA system allows early childhood professionals and families to screen, assess, and promote protective factors associated with resilience and healthy social and emotional development of Infants, Toddlers, and Preschoolers. The comprehensive assessment and planning system supports professionals and families in building children’s initiative, creating strong attachments, developing self-regulation skills and reducing problematic behaviors using strategies from Conscious Discipline. The system can be used to evaluate the impact of Conscious Discipline and ensure that children have the strengths and skills they need to reach their highest potential. **Strategies are available for Infants, Toddlers, and Preschoolers!**

Self-Guided Tour: First, visit www.e-deca2.org, then press the orange “LOGIN” button. Next, enter User Name: testingcd & Password: testingcd

IMPORTANT: If you would like to try entering a rating yourself or use the data within the system, it is crucial that you use the “Sandbox” site & group. Failing to do so could make it impossible for others to test out the system.

The screenshot shows the e-DECA 2.0 login interface. At the top, there is a navigation bar with four circular icons: a baby (yellow), two children reading (blue), a girl with a book (red), and a teacher with a child (green). Below the navigation bar is a white box containing the login form. The form has a "Login" button at the top. Below it are two input fields: "User Name:" with the text "testingcd" and "Password:" with a masked password "*****". To the right of the password field is a "Forgot Password?" link. At the bottom of the form is a blue "Log In" button.
